2MP(1080P) WIFI 2.4G & 5G Dual Band 5200mAh Video Doorbell

Product Features:

- 2MP/1080P(1920x1080) High definition Resolution
- 2.4G & 5G dual band network frequency
- 10m PIR detection distance
- 5200mAh battery, standby 3months (10 times motion detection each day)
- 110 degree wide view angle
- Two way audio, remote calling
- Motion detection and activity alerts
- WIFI connection and remote monitoring
- Support TF card (maximum 128GB TF card) circulate recording video
- Optional Chime (dingdong box in room)

Specifications:

Resolution	2MP (1920x1080)
PIR detection distance	10m
View angle	110degree
Sensor Type	1/4" Progressive Scan CMOS
Lens	3.6mm
Aperture	F2.1
Low illumination	0Lux
Working Indicator	Red Blue light flashing
Charge indicator	Red Blue light flashing
Standard	2.4G
Mic	≥-38±3dBm
Speaker	8Ω/1W
TF Card	Maximum supports 128G
Button Switch	Reset*1, Ring button *1
Wireless 433MHz	Support
Antenna	3DBi * 1, 433 Ant*1
Battery Type	18650*2
Battery Capacity	5200mAh
Measurement accuracy	High than 5%
Standby life	About 120days (Base on 10times detection)
Maximum rate	40Mbps
Monitoring distance	Maximum 150m in open area
WIFI standard	IEEE 802.11 b/g/n/ac
Charge Current	1A
Standby power	2.2mW
Operational power consumption	1.1W
Input port	TF Card*1, Micro USB*1, Mic*1, PIR*1,
Output port	Speaker*1;
Key type	Tact Switch*2
Two-Way Talk	Yes
Compression method	G.711a
Video Format	H.264 compression
Video stream	20fps
Frame rate	25/30fps
Android version	Android 4.3 and above
IOS version	IOS 9.X-10.X and above
Cloud recording storage	Support
On line visitor	Maximum 5 people at same time
Remote control and monitoring	Yes
OTA upgrade	Yes
Power Supply	DC 5V 1A
Temperature setting	Temperature: -20 ~ 50 °C, Humidity <95%
